Work Experience

Manager Partner Software

Mobile developer

Tunis, TN

Feb 2021 - Jun 2021

- The mobile app project I developed was designed to help bank clients apply for loans online. With the app, clients can easily fill out loan applications and submit them directly to the bank from their mobile devices. The app was developed with the goal of simplifying the loan application process, making it more convenient for clients to apply for loans without having to visit a bank in person.
- Technical Skills:** Java, API-gateway, working with API, XML, Git.
- Soft Skills:** Teamwork, Time Management, Communication, Presentation skills.

SDI

Backend developer

Kairouan, TN

May 2019 - Jul 2019

- The backend development project I created was designed to enhance people's calendar management by enabling them to manage their schedules more efficiently. With this backend development, users can easily organize their events, meetings, and deadlines, keeping track of important dates without any difficulty. Its purpose is to simplify the process of calendar management, allowing users to stay in control of their busy schedules with ease.
- Technical Skills:** Symfony, PHP, Git.
- Soft Skills:** Teamwork, Adaptability, Communication.

University Projects

Online survey for the university students

Higher Institute of Applied Science and Technology of Sousse

Sousse, TN

Apr 2023 - May 2023

- A solution for university administration to check student satisfaction and help develop the educational system with power bi data analyst and visualization.
- Technical Skills:** Flutter, Firebase, Figma.
- Soft Skills:** Time Management, Team-work, Presentation skills.

Toredo Online-Shop

Higher Institute of Applied Science and Technology of Sousse

Sousse, TN

Feb 2023 - Apr 2023

- As the Japanese translation of "trade", Toredo is an Android application that lets you easily connect with others and purchase organic food products. With its intuitive interface and simple signup process, Toredo makes it easy to get started and begin purchasing right away.
- One of the key features of Toredo is its multilanguage capabilities. Whether you're in Tunisia, the United States, or anywhere else in the world, you can use Toredo to connect with other organic food enthusiasts and make trades with ease.
- Technical Skills:** Flutter, Wordpress, Figma.
- Soft Skills:** Time Management, Team-work, Presentation skills.

Digital Wallet Mobile Application

Sousse, TN

Higher Institute of Applied Science and Technology of Sousse

May 2022 - Jul 2022

- The mobile app project I developed was designed to help people manage their wallet in a more organized and efficient manner. With this app, users can easily keep track of their expenses, create a budget plan, and monitor their financial status in real-time. In addition, users can send and receive money from their wallet, as well as recharge their phone directly from the app.
- **Technical Skills:** Flutter, Firebase, Figma.
- **Soft Skills:** Time Management, Presentation skills, Report writing.
